Sir John Barrow School will be extended by the addition of nursery facilities, general teaching spaces and other buildings sufficient to accommodate pupils transferring from Dale Street Infant School and those who would have expected to attend it

The reduction in overall capacity recognises that building work proposed to take place associated with the proposal will not replace the whole of the discontinued Dale Street Infant and Nursery School premises. This recognises that there are a number of surplus places at the existing Dale Street Infant and nursery school and projections are still showing a decrease in pupil numbers.

Not applicable

- (c) a statement about the alternative provision for pupils who may be displaced as a result of the alteration;

Not applicable

- (d) where the proposals would result in the school being organised to make provision for pupils with a different type or types of special educational needs with the result that the provision which would be made for pupils currently at the school would be inappropriate to their needs, details of the other schools which such pupils may attend including any interim arrangements and transport arrangements to such schools;

Not applicable

- (e) where the proposals relate to a foundation special school a statement as to whether the proposals are to be implemented by the local education authority or by the governing body, and if the proposals are to be implemented by both, a statement as to the extent to which they are to be implemented by each body.
