

Eating disorders.

Know the first signs?

Lips

Are they obsessive about food?

Flips

Is their behaviour changing?

Hips

Do they have distorted beliefs about their body size?

Kips

Are they often tired or struggling to concentrate?

Nips

Do they disappear to the toilet after meals?

Skips

Have they started exercising excessively?

If you're worried someone you care about is showing any signs of an eating disorder – even if they're not on our list – act quickly and get in touch. We can give you the answers and support you need to help them on the road to recovery as soon as possible.
