

Commons Act 2006

Section 19 (2) (a)

Application to correct the register – mistake made by the registration authority

NOTICE OF DETERMINATION

Application Number: CA10/51

Notice is hereby given that Cumbria County Council, as the Commons Registration Authority (“the CRA”), has at a meeting of its Development Control and Regulation Committee (“the Committee”) on the 17th January 2023, considered an application to correct an apparent mistake in the register made by Westmorland Council concerning the registration of land at CL78 Grasmere Common (“the Application Land”).

Decision

The Committee resolved to refuse the application to correct the register, thereby keeping the Application Land registered as common land.

Reasons

The Committee took into account a report written by the Commons Officer (“the Officer”). The Officer’s report made a recommendation to the Committee to refuse the application on the grounds that there is no evidence to suggest that Westmorland Council as the registration authority at the time made a mistake upon registration of the common, as it registered what it was asked to register.

Outcome

The CRA has given effect to the determination by leaving the Application Land registered as common land.

Documentation

Minutes of the meeting providing the Committee’s decision, the Officer’s report and a plan of the Application Land are available at:
