Purpose

The Cumbria Coastal Community Forest (CCCF) was established in November 2021 and is one of thirteen Community Forests in England. Cumbria County Council is the Accountable Body for the CCCF. We are working alongside our delivery partner, Cumbria Woodlands, to help landowners create a more tree-covered landscape which aims to provide direct benefits to the communities of West Cumbria. The primary source of funding for the CCCF is the Trees for Climate Fund, part of the national Government-led Nature for Climate fund.

Cumbria County Council is responsible for:

- Administering the CCCF Trees for Climate Fund
- Undertaking due diligence checks, entering into grant funding agreements and management the financial and contractual obligations associated with the grants given under the Trees for Climate Fund
- Reporting to Cheshire West and Chester Borough Council who are the Accountable Body for the Trees for Climate Fund on behalf of England's Community Forests

Cumbria Woodlands will handle Expressions of Interest regarding the CCCF Trees for Climate Fund via their [Advisory Service](#). The CCCF Director/Woodland Creation Forester are embedded within the Cumbria Woodlands Team. They will support applicants through the CCCF Trees for Climate Fund application process.

Applications for the CCCF Trees for Climate Fund should be submitted to Cumbria County Council for completion of due diligence checks. The CCCF Director/Woodland Creation Forester will then appraise each application and will make recommendations to the CCCF Partnership Board. Cumbria County Council has delegated authority to the CCCF Partnership Board to make decisions regarding the approval of CCCF Trees for Climate funding applications. If an application is approved by the CCCF Partnership Board, the applicant will be invited to enter into a grant agreement with Cumbria County Council.
