<b>Service Area description</b>
Adult Social Care
<b>Purpose of this post</b>
<p>To work as a highly capable practitioner assessing and delivering on complex and high risk cases in a locality or district team. To recommend appropriate person centred support and outcomes for members of the public in Cumbria who have social care needs and to advise on developing and implementing care/support programmes for individuals, groups and communities.</p> <p>The post holder will have significant autonomy to manage a complex and high risk case-load and take decisions based on current best practice, aspects of risk management and approaches which provide optimum levels of empowerment and independence to the customers. The enhanced practitioner will have specialist knowledge within their field, exercise sound judgement in contentious or highly unpredictable situations and offer innovative solution focussed approaches. A 're-ablement' approach should be used to maximise the individual's potential. This post will require a sound knowledge and understanding of other agencies and resources within the District, and utilise these to achieve most effective outcomes.</p> <p>The post holder is also expected to case supervise others within the same profession and to work effectively with internal and external partners.</p>
<b>Key job specific accountabilities</b>
<ol style="list-style-type: none"><li>1. To assess the needs of customers and their carers and ensure the development and delivery of appropriate person centred, self directed and enabled support to meet the Councils statutory obligations for the protection and support of adults who have social care needs. To review Support Plans and monitor outcomes and ensure the most effective support/services are delivered in a person-centred way.</li><li>2. In collaboration with customers, their carers and others, implement Self Directed Support through the use of mechanisms such as Personal budgets, individual service funds, and direct payments.</li><li>3. Be familiar with, and practice within the relevant national legislation, professional standards</li></ol>

of practice and organisational policies and procedures, ensuring practice is compliant with care/clinical governance principles. The post holder will need to develop and maintain relevant IT competencies.

4. Work with relevant professionals and agencies within a given locality or district to ensure that assessment, support and care delivery services are as seamless and timely as possible. This will require an in depth knowledge of the assets and services within localities to meet the outcomes identified for those requiring support.

5. To ensure the effective implementation of the Council's strategy for the protection of adults at risk by following established procedures to actively promote the personal protection and safety of adults. This may involve coordination of 'strategy' meetings as delegated by Locality Lead/Teams Manager where appropriate.

6. In the development of person centred support planning of customers and their carers, incorporate the use of preventative and well-being services, assistive technologies and other equipment which make effective use of available resources, particularly those which lie within local communities.

7. To demonstrate a high level of professional capability in managing a range of complex cases and circumstances, applying specialist knowledge to resolve problems and optimise outcomes. This may involve working with other professionals or services to bring required skills and resources into locality/district teams Maintain registration requirements of the relevant professional body and to exercise individual professional autonomy in relation to decision making and reflect this clearly in all recording and correspondence, with reference to relevant practice guidelines.

8. Work to the principles and standards identified in 'The Standards we Expect' which underlines the position of communication at the centre of effective practice.

9. To seek opportunities for personal development and improved practice through continuing professional development activities, reflective practice and the development of CPD portfolios. This will form the basis of maintaining relevant professional registration. Develop professional practice collaboratively with a wide range of stakeholders including senior colleagues.

10. Ability to lead the team in attaining excellence in service and resource delivery. Contribute to team working and development of approaches to improve service delivery based on evidence based practice and ongoing audit to ensure standards are maintained, and to represent the Locality Lead/Teams Manager as required and ensure the provision of professional advice on social care issues
