By providing that.....

I/we ☒ attach copies of the documentary evidence [including statement of witnesses] in support of this application as listed overleaf.

Signed [Applicant(s)] Date *11 May 2007*

Notes

For historical evidence it is essential to know the date, author, purpose and present whereabouts of the documents listed. Please give as much information as possible.

For statements by witnesses, a form is available from the National Park Authority which suggests the relevant questions to be addressed.

Documentary Evidence in support of application (including witness statements).

Climbers have used Scout Crag and Whitegill Crag since the 1920's. The proposed RoW footpath is the usual access to both crags from the road in Great Langdale.

Documents 1 and 2 are copies of the 1st Ascent list from the First Edition of the Fell and Rock Climbing Guide to Langdale, published 1926.

Document 3 is copied from the 1999 edition of the same guide.

Forms E1 to E8 are statements from people who have used the route. (Originals of Documents 1-3 are available in the Fell & Rock Climbing Club Library accommodated in Lancaster University Library).

Other Relevant Information

I believe that the local National Trust warden supports the proposal.

The proposed RoW is marked RED on the attached map.

I/We enclose with this application:

A map clearly showing the route(s) referred to in this application at a good scale (1:10,000)
Copies of documentary evidence (including statements from witnesses) to support this application, as listed above.

A completed form to certify that I/we have served notice on all landowners and occupiers affected by this application (FORM C), or a letter explaining why I/we have been unable to ascertain the landowners/occupiers affected by this application and that identifies the steps I/we have taken to find this information (FORM D).
