(consolidation and provision of speed limits) (order 2018) variation order (no. 5)
2021

Statement of Reasons

(As amended by South Lakeland Local Committee Decision of 17 March 2021)

Cumbria County Council considers that it is expedient to propose to make the above Order for the following reasons: -

- for avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, or
- for facilitating the passage on the road or any other road of any class of traffic (including pedestrians), or
- for preserving or improving the amenities of the area through which the roads run.

The proposals, as shown on the plans, are as follows: -

Proposed 20mph and 30mph Speed Limits

Concerns have been raised regarding vehicle speeds through Broughton-in-Furness.

Following extensive work with Duddon Parish Council, Broughton Community Plan Steering Group and the wider community a 20mph zone is proposed to manage vehicle speeds.

It is proposed to be accompanied by the introduce of two 30 mph buffer zones on Foxfield Road from its junction with the A595, and on the C5009 approaching High Keppleway.
