The cost of this permit is £755, and you will be contacted for the payment when your application has been processed.

Important Notes:

- 1 It should be noted that planning consent will be required for these works - you should contact your local Planning Authority to discuss this.
- 2 This application must be made at least 4 weeks before commencement of any works and a location plan (preferably OS Extract Scale 1:2500) must be supplied with this application.
- 3 It is an offence Under S131 of the Highways Act 1980 to excavate in the highway unless a formal permit has been issued.
- 4 A permit to carry out work on the new junction will only be issued by the Street Authority (Cumbria Highways) to contractors with the relevant street works qualification or equivalent . **No opening may be made until the Permit has been issued and before the agreed start date given by the contractor on the Works Start Notice.**

Should you need to change your contractor after the permit has been issued or if the work has not been started on the agreed date and you must re-activate then the following fees will apply.

Change of Contractor	£34.00
Re-activation (plus pre-site inspection fee where applicable)	£34.00
Pre-site Inspection	£57.00

- 5 Please note that the 2-year guarantee period, for works up to 1.5m depth, starts from the point when we receive the registration of reinstatement and the reinstatement is deemed satisfactory by the Street Authority. For works over this depth there is a 3-year guarantee period. To ensure that you do not remain indefinitely responsible for the reinstatement please make sure your contractor returns the registration of reinstatement notice.
